

# 4750

## Deadlatch

**ASSA ABLOY**

### Function

Offers flexible traffic control and an excellent level of security similar to the 4710 Deadlatch. The 4750 provides the option of 17mm Europrofile cylinder or thumbturn operation and metric backsets. Often used in conjunction with the 7100 Series Electric Strike to provide remote access control. The auxiliary bolt feature deadlocks the latch when the door is closed against the strike. To operate "Bolt Holdback" feature, push in bolt and secure by reverse turn of the key. Latchbolt reversible; supplied non-handed unless specified.

**Note:** Not suitable for use with Adams Rite lever furniture. For paddle handle operation specify 4596 Series.

### Specifications

Overall Case Size:	173mm x 25mm x 40.6mm - 24mm Backset 173mm x 25mm x 44.7mm - 28mm Backset 173mm x 25mm x 54.4mm - 37mm Backset.
